

The Harvest Continues

Fishing continues to be nothing short of phenomenal out of Muskegon. Limit catches are the rule and the weather has been fantastic. Wednesday's trip yielded a 20 fish limit for a 4 man crew with 11 kings, 4 steelhead and 5 coho. Spinnies and HorseFlies did the most damage. Divers set back 130, 140 and 180 with white spinnies with green holo and crush glow on them with mirage or Dark Seaweed Horseflies where hot. Northport nailer spoons in orange ice, lemon drop, lemonfire and roughy all took fish as well. Get out there while it's HOT!
