

5/24

With a charter for 12 I needed an additional boat on Saturday and KC-1 took the spot. We loaded the gear and guys hopped on board only to be greeted by flat seas, sunshine and warm weather. Add to that the fish cooperated as well. We set lines in 200 fow and immediately had fish on. Fishing remained hot all morning until the time to run back in. Finsihing 20 fish in the boat from 27 bites. KC-1 had a stellar day as well finishing with 18 fish for a crew total of 38 fish in one morning trip! Special thanks to Captain Jason Coslow for making the 2 boat charter a wonderful day for all involved.

Aboard the Salmonhead Northport Nailers and HorseFlies did the damage. Nailers in blueberry glow (19), greenberry glow (18), Lime Ice (42), Bruiser (31), Mahsed bannana (11), Mashed bannanna glow (12), and Orange Ice (41), and green candy corn (37) accounted for 16 of the bites. Sea Mist and Seaweed flies behind Protroll E Chip flashers took the remaining bites. Riggers were set 70-170 down, divers back 250-300, 3 and 6 colors of lead and 300-450 feet of copper all took fish.
