

GREAT ACTION NOW!!!

I HAVE OPENINGS THIS FRIDAY OR SATURDAY AFTERNOON OR ANYTIME SUNDAY AUGUST 22, 23 OR 24!

This is the fishing we dream about! The cold water rolled out of the Harbor Saturday, but the fishing remains great! Fish can be found north of the harbor or in deep water. A mixture of mature Kings and young kings and lake trout can be found inside 100 feet of water, or make the run offshore to light up the steelhead and a mixed bag of kings, coho and lake trout with them. Which ever you prefer, action is solid.

Get out there while the action HOT!

Open dates available now! Call 616 299 1349 to book your trip!
