

Muskegon still HOT

Fishing in Muskegon is still red HOT! Tuesday was the marathon day having two trips scheduled. After the first trip with 4 anglers resulted in a limit of big kings in a mere hour and a half, a couple phone calls arranged for the second trip to show early and also squeeze in a third trip. The second trip of two anglers was in the middle of the day but action was still good. we boxed 5 kings and tossed back two sheepies on about 15 bites. The evening trip resulted in similar results with 6 big kings in the box out of about 12 or 13 bites.

Typical hot baits include Atomic Green Glow Horse Fly (taking 10 of 14 bites in the morning), Seamist Horsefly, tiger roughy, and various plugs in Pearl, glow, green glow and yellow.

Get out there while it's HOT HOT HOT.

Openings available this weekend!!!!
