

2009 season is Just Around the Corner

The 2009 season is just around the corner. Salmonhead has reserved the same slip for the 2009 season for everyone's convenience. The show season is currently upon us. The Muskegon Charter Boat Association is hosting a fishing seminar on February 21 at Reeths Puffer Middle School. \$20 covers it. Inquire via email if interested. Speakers will cover salmon basics, River fishing, pierhead fishing, offshore and tournament fishing. All speakers are members of the MCBA. Lots of prizes and raffles also.

Soon all this white stuff will be gone and we will be chasing silver fish on beautiful Lake Michigan. It's never too early to book a trip. Prime dates fill up first. Charters make a great mothers day or fathers day gift, company outing or just a relaxing day with friends or family.

I look forward to meeting new people this year and seeing old friends again. I am planning on attending the MCBA seminar listed above, SCI West Michigan Bowhunters fundraiser on February 28, the Steewyk Memorial Scholarship fund raiser, and the Grand Rapids sport show in the Outdoorsmen's booth.
