

6/12 Salmon and trout Fishing in Muskegon

Fishing continues to be hot in Muskegon. Ran out today for a fun fish with one buddy and we boxed in 2 hours. Fish were biting from the 130-'s to the 180's with the 150's and 160's being best. Top 50' of the water column produced best but the deep rigger tickling the bottom did some damage as well. Spoons up high that took hits included Orange Ice gold glow (41G), 22, SeaMist Fly, OGG, 48, 76.

Get out there while it's hot!
