

IMMEDIATE OPENINGS

8/18: The inside morning bite was not what it has been today, but we did capture one big male in 67 fow and lost another big fish in the same area. We fished up to 240 and found some fish in the 135-165 range. Having a dreadful landing % we managed to capture 4 out of 11 on today. couple break offs and several that just plain 'ol got off. Will be fishing a double on Saturday if weather cooperates.

8/17: customer cancellation for morning trip, might bump to the evening spot instead.

8/16, 5 for 8 in morning with a late start. First and last bites seem best, but fish can be caught all day. 150-210 fow

Found fish in 130-220 last night (8/15). 10 for 17 with friends.
