

Muskegon 7/7 Salmon and trout action

Salmonhead was back in action on Lake Michigan after a 6 week delay. A trip to lake Erie, and some mechanical gremlins had me sidelined for the poor fishing in June. By the sounds of it, I didn't miss much. I took my aunt out this morning for a few hours and boxed 8 from 10 bites. We had 4 nice kings up to 14#, 3 lakers from 5-8# and one steelhead about 4#. Flies dominated the bites. HorseFlies in Midnight and Seamist took 3 bites each. Mirage took one. Pink Ice northport Nailer took one fish and Sunfire took one fish. There was a constant parade of fish about 80 down on the graph. Riggers at 85, 130-180 down took fish. Divers back 180-315 took fish. No copper bites.. We covered water from 80-295' with action scattered throughout. Best troll was a 200 degree troll.
