

## 8/12 Still great offshore fishing

Had a two person trip last night. There were some fish in the channel so we gave them a try to no avail. We pulled lines after a couple hours and headed to deep water. While setting lines we started catching. In less then 2 hours, we were 6 for 10. We had 2 coho, 2 kings, 1 steelhead and 1 lake trout. The waves were getting to one angler so we pulled lines again and ran back to the channel and set up again until dark. We managed 2 sheephead, but no kings. Eager fish were offshore, some big ones cruising around the pierheads and nearby.
