

8/20 and 8/22

[illegible]

Last Saturday was good fishing again landing 6 of 10 fish on.Â More of the same offshore action.Â It took a while longer to find them, but once we did it was fast action until we were chased off the lake with lightning.

Monday 8/22 was incredible again.Â Landing 10 of 16 on in less than 3 hours fishing for a 2 person limit.Â We started strong with 6 fish on in very short order.Â We continued picking way until the limit was reached.Â Horse Flies dominated with SeaMist taking 8 of the 16 bites.Â Fish were mostly around 80 down and taking deep divers, copper line and riggers 60-100 down.Â
