

Big Kings tonight

The big angry kings showed themselves this afternoon.Â Fishing the same general area as the last week but today we were 11 for 21 in 3.5 hours fishing time.Â Had a hard time keeping them hooked when the sun was bright.Â Today the story was mostly a fly bite and the big kings were hungry.Â We finished with 5 kings in the 13-16# range, 3 coho and 3 steelhead.Â Several of the fish that got off were big kings as well.Â SeaMist HorseFly is all I have to say.Â Running behind the blue/green chrome E-chip was hot. Wire divers back 180-220, 350 copper were steady.Â Nailer spoons also took fish.Â the 4 color with #62 went 4 times, 300 copper with Salmonhead went, An old school green/ white nailer on the rigger went 3 times and took all three coho.Â #12 took a hit, 65 took a steelhead on the high diver.Â It was another great trip.
