

Fishing is heating up

Lake Michigan action has heated up in the last week. After the slow down for several weeks catch rates are on the rise. Saturday we landed 6 of 11 on including a 21#7oz King and another large king just shy of 19#. We rounded the cooler out with nice steelhead and coho. Saturday afternoon's catch landed 8. Sunday morning we had 18 bites and landed 10 and Sunday afternoon we had a very short 3 hour trip and landed 4 of 6 bites.

Tuesday night I ran out for 2.5 hours of fishing and had 9 bites and landed 4 fish.

Big Kings are being caught almost every day that top 20# now.

Get out there while the fishing is hot!
